Dear Sirs,

We recently conducted our first pro bono legal services clinic for veterans and their spouses. Estate planning is a focal point at all of our clinics. Many veterans were able to take advantage of this important service. At least twenty-nine veterans and their spouses were able to leave the clinic with their estate planning documents in hand.

This outcome is a direct result of the outstanding efforts of your associate, Lindsey Jackson. Her dedication and professionalism was a significant contributor to the success of the clinic. Our clinic would not have been as efficient or successful without her participation. Ms. Jackson graciously volunteered to be trained on the Wills for Heroes software and transfer that knowledge to our many volunteer attorneys. Her volunteer service to the Arizona veteran community is invaluable.

We are grateful for the contribution of Ms. Jackson to this meaningful cause. Your firm should be proud of Ms. Jackson. Her assistance reflects positively on herself and your firm.

Respectfully,

Roger Ferland
