Gammage & Burnham Gives Back

On Saturday, April 14, 2012 the March of Dimes held its annual March for Babies in Phoenix. Gammage & Burnham was a proud finish line sponsor of this event and had several staff members and attorneys participate in the walk. Although the March of Dimes started out successfully finding a cure for polio, the focus has now moved on to raising funds for research in the prevention of premature babies as well as giving those who are born premature a greater chance of reaching their full potential. Close to 6,000 people participated in this event raising over \$960,000. "Gammage & Burnham is proud to have played a part in raising such an impressive sum to support healthy babies," said Dick Burnham, managing partner of Gammage & Burnham. "We were happy and honored to partner with St. Joseph's Hospital and Medical Center in their support of this event."

The March of Dimes has been "walking" since 1970 and have raised an incredible \$2.6 billion! Interested individuals can join the more than 7 million people who participate, donate and/or sponsor, by visiting the March of Dimes website at www.marchofdimes.com. There are plenty of opportunities to get involved and support this worthy cause.
